6. *Did you and your guests enjoy the photo booth? Why? Why Not?*

- **Everyone loved the booth! Even the old stiffs had a great time getting their pictures taken! It was a big hit!**
- **The booth made our event one to remember. I received calls the next day from a few guests, telling me how the photo booth was great, and how much fun it was.**
- **This was the hit of the party! Anytime we couldn't find someone they were in the booth. It was the best idea we had!**
- **I received great feedback on the photobooth. My guests seemed to really enjoy the booth and have fun with it.**
- **Oh My God. They loved it. It was all they could talk about after the wedding. They have never seen anything like it and thought it was very original. The pictures speak for themselves.**

- **Loved looking at the pictures of everyone using the props! They were so much fun! By the end of the reception, everyone had a prop in their picture!**
- **The props were so much fun. I never thought that my guests would use the props, since they were all dressed up, there was no humility there, just a whole lot of fun.**
- **The props were so much fun and enhanced the experience even more!**
- **From looking at the pictures, and the dance floor (sorry!), my guests seemed to love the props which made me happy. I, on the other hand,**

**do not really care for props. I actually thought I requested no props but they came anyway. That is quite alright though since the guests loved them!!**

- **There was a large assortment to choose from. The kids really loved it even the adults found themselves acting like kids.**

### **Your Overall Satisfaction**

8. *Were you happy you decided to rent the booth?*

- **We were very happy that we had a photo booth at our wedding. We had a blast looking at the pictures the day after the wedding and I know that everyone loved getting their pictures right away.**
- **Very happy, and I recommend it to friends all the time.**
- **It was the best decision we made.**
- **I am happy I decided to rent the booth. The only thing I would have done differently is place the booth in a corner of the reception hall which is what PA Party Pix had originally recommended. I thought having it in the hall was better; however, it pulled people away from the dance floor. It seemed to me that there was also a continuous long line which kept people out of the reception. That was my decision though...and now my recommendation to future brides...take John's advice on where to position the booth.**
- **Absolutely, It made the wedding.**

9. *Was your booth experience worth the expense?*

- **It was totally worth the expense. We wanted our wedding to be fun and the booth definitely helped! So happy that we were able to make the booth part of our evening.**
- **Actually, mine was soooo worth it.**
- **TOTALLY!**
- **Yes. I used the pictures as part of the guests "gift". A picture frame was placed at every seat and they were encouraged to place their photo booth pic in the frame as a remembrance of the evening. That saved on the mints wrapped in tulle that get thrown away! :)**

10. *Would you recommend PA Party Pix to others celebrating a formal event based on your experience?*

- **I would and will recommend Pa Party Pix to anyone who is planning an event. It is something that everyone can enjoy.**
- **I always recommend the booth, I only hope you have been getting calls from some of my referrals, I tell everyone who is having an affair to give it a go.**

- We already have!!
- I would definitely recommend PA Party Pix for birthday celebrations, holiday parties, etc. When recommending them for a formal event I may suggest having them there for a portion of the event. I guess it just depends on your taste, style, and guests. I really enjoyed it and I will have the pictures forever!!
- 100%!! I already have! My brother is getting married in 2009 and he has already booked with them.

*Do you have any other comments about your photo booth experience?*

- Andrew and I both loved the photo booth! Everyone really enjoyed it! John was a pleasure to work with. He was very down to Earth and was just nice. I will recommend Pa Party Pix to my family and friends if and when they have an event. I'm sure everyone at our wedding will do the same. I hope that we have the opportunity to use your services again, or to be at an event with you there! The booth really added to the night. Thank you so much!
- Thank you so much for everything! You guys made our party the hit of the year. People are still talking about it. The scrapbook we got to take home that night is one of our favorite wedding momentos. We still look at it all the time and just laugh at all the good times. You guys are the best!!
- We had a large wedding and everyone was thrilled with the booth. Most wanted to know how we found out about it. No one there had ever seen it before so i was very glad about that. Wanted it to be something different. They had a great time with it. thanks again. I really enjoyed looking at the photos. Some were very silly and unexpected of those participating. That made it fun.
- When my guests shared their pics with other people I heard very positive remarks regarding the idea of a photobooth at an event. Many people have never heard about them. You are on the cutting edge! :)
- We were debating on spending the extra money but in the end it was one of the BEST choices we made for our reception.
